

# VIRTUAL PLUS MEMBERSHIP

We understand that not every company requires a physical office space, especially if you're just looking for an additional regional presence, which is why we offer a virtual membership that includes a whole host of added benefits.

Priced at £75 + VAT per month, **Virtual Plus Membership** at Liverpool Science Park provides businesses with an impressive landmark address, alongside some of Liverpool's finest science, technology and knowledge-based companies. A mail redirection or collection service is also included.

Our **Virtual Plus Membership** also provides businesses with enhanced brand visibility through a complementary online profile on the LSP website, and the opportunity to attend networking events held within the wider KQ Liverpool innovation district.

As an added extra, all **Virtual Plus Members** can benefit from the onsite facilities at LSP, including discounted meeting rooms and free super-fast Wi-Fi in our stunning, new entrance lounge, giving you the ultimate operational flexibility.
